SUMMARY

I love to adventure into new territories, and discover new places. This drive to fulfil my curiosity is only one of the reasons i pursued my career in software development.

EDUCATION

NASHVILLE SOFTWARE SCHOOL

- **Full Stack Web Developer Certificate**

FLORIDA STATE UNIVERSITY

- **Bachelors Degree in Environmental Studies**

MANATEE COMMUNITY COLLEGE

- **Associate of Arts**

TECHNICAL EXPERIENCE

2020

Nashville Software School

FULLSTACK SOFTWARE DEVELOPER BOOTCAP

My classmates and I were tasked with applying newly learned material in collaborative projects as a team member in a remote environment with a focus on JavaScript and C#.

PROJECTS

BREWMORE

Front-End Capstone designed using React Bootstrap, BrewMore offers Breweries a profitable outlook on ordering materials and storage of brand reciepes

NUTSHELL - ASKING FOR ROSES

Group project involved collaborative design of a json database and full CRUD operations to create a social media platform that allows an active user to post articles, create events & tasks, and participate in a message board. The active user can also follow other users, allowing the active user to see the articles, events, and tasks of followed users.

DEAN MARTIN - CELEBRITY TRIBUTE

This is my first group project created while at Nashville Software School. It is a profile of the one and only Dean Martin that was created to showcase the career life of "The King of Cool". We utilized HTML, CSS and Flexbox to build our website , and blew up GitHub to merge our creation.

WORK EXPERIENCE

CLUB SERVICES MANAGER
THE RITZ-CARLTON CLUB, ST. THOMAS, VI
OCTOBER 2019 - APRIL 2020

The Ladies & Gentlemen at The Ritz-Carlton provide genuine care and comfort in a luxury setting where our guests and members enjoy a warm relaxed yet refined ambience.
